## Cervical Cancer Action News Brief | November 2016 *News and views of interest to our community*

---

### Cervical Cancer Prevention Initiative One Year On

It has been a year since the groundbreaking meeting in London where the Cervical Cancer Prevention Initiative was launched. [This short report](#) documents progress building the Initiative over the past 12 months, and lists key global milestones in cervical cancer during that time.

### Integrating HPV testing in cervical cancer screening programs: A manual for program managers

[This guide](#) from PAHO and the United States Centers for Disease Control and Prevention (CDC) provides up-to-date information on HPV testing, to facilitate strengthening cervical cancer screening programs.

There are several HPV testing products available. To aid decision-making by cervical cancer program managers in selecting an HPV test for use in their programs, [these charts](#) provide information on the main HPV tests available, along with their characteristics.

### Integrating cervical cancer screening and preventive therapy into reproductive health networks: Notes for the field

[This paper](#) describes results and challenges related to integration of services.
